

## Preparatory (walk) Novice (trot) Rules

**The Preparatory Class is done at the walk**, there is no time limit, but the horse must NOT stop (halt). If this happens then no points will be awarded for that run. The competitor is NOT disqualified and points from other runs will count to their overall score. Should the horse move up to trot or canter, the scores will still count. However, keep in mind, this category is for those who are not ready to compete at the faster grades, and if a competitor is felt to be more advanced than this grade they will be eliminated.

**The Intermediate Class is done at the trot.** There is no time limit however the horse can NOT go into walk or halt. If this happens then points will not be awarded for that run. If the horse should break into a canter, this is OK and points scored will be allowed. Should the horse go down to walk or halt during a run the competitor is NOT disqualified and points from other runs will count towards their overall scores. However, keep in mind, this category is for those who are not ready to compete in the Advanced (canter) class

### **Korean Serial shot (3)**

#### *Course 1 - Single Arrow per Target*

Only one arrow may be loosed per target

A class consists of 3 runs

#### *Course 2 – Multiple Arrow per Target*

The competitor can shoot as many arrows into any target on that course

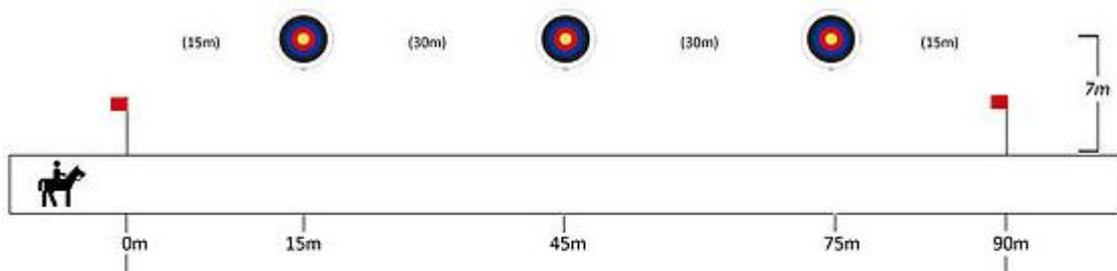

A class consists of 3 runs

### General Rules

Arrows must be individually drawn from the belt or from a quiver or arrow case, which must be attached to the competitor's hip, waist, thigh or back. It must not be attached to any other part of the body.

Targets shall be set 7m from the edge of the track. The centre of the target shall be 90cm above the level of the track and the targets shall be positioned at an angle so that the face is perpendicular to an archer in the saddle

The target shall be a round target with a diameter of 80cm, divided into 5 concentric circular zones of diameters 14cm, 28cm, 42cm, 56cm and 80cm. The target zones shall score, from inner to outer: 5pts, 4pts, 3pts, 2pts and 1pt respectively. Standard FITA 80cm target faces are recommended.

### Korean 3 Shot (90m track)

Start with an arrow nocked.

### Aussie 3 shot

#### *Course 1 - Single Arrow per Target*

Only one arrow may be loosed per target

A class consists of 3 runs

#### *Course 2 – Multiple Arrow per Target*

The competitor can shoot as many arrows into any target on that course

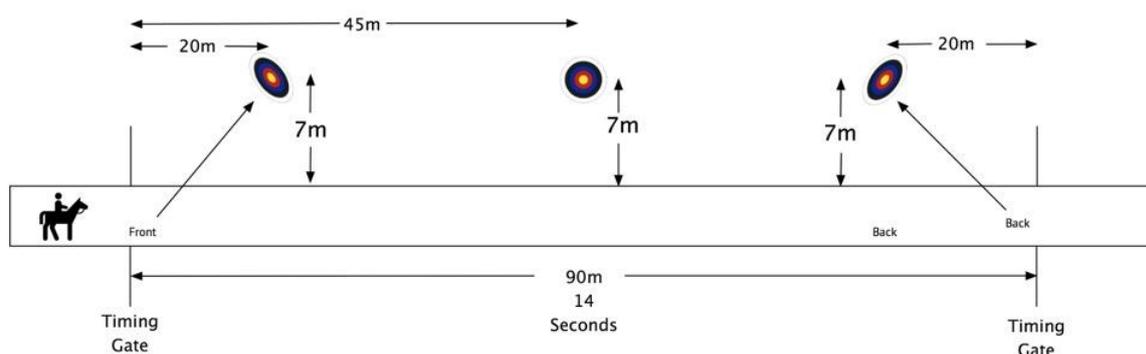

A class consists of 3 runs

### General Rules

Arrows **CAN BE HELD** in the bow or string hand or may be individually drawn from the belt , a quiver or arrow case, which can be attached to the competitor’s hip, waist, thigh, calf or back.

Targets shall be set 7m from the edge of the track. The center of the target face shall be 90cm above the level of the track. The central target shall be placed so that its face is parallel to the line of the track, so that the face is perpendicular to an archer in the saddle. The first and third targets are angled 45 degrees from the line of the track in such a way that allows the competitor riding along the track to hit them – shooting the first target forwards and the third one backwards. For the double shot the first and second target will be angled 45 degrees from the line of the track for a forward shot and a back shot

The target shall be a round target with a diameter of 80cm, divided into 5 concentric circular zones of diameters 14cm, 28cm, 42cm, 56cm and 80cm. The target zones shall score, from inner to outer: 5pts, 4pts, 3pts, 2pts and 1pt respectively. Standard FITA 80cm target faces are recommended.

## The Aussie 3 Shot

Arrows can be drawn from the hand or quiver
